### **Our next meeting.**

Our next meeting is on Monday, February 22, 2017 at 1.30 pm at teh Buderim Bowls Club. All residents welcome.

### **Missed the hard copy of our newsletter ?**

Search for [buderim.qld.au](http://buderim.qld.au). Navigate to: about buderim...community directory...neighbourhood watch.

### **Reports from the AGM**

We gave thanks for the contribution of Terry Scheffe following his passing. We welcomed our new police liaison officer, Snr Const Joann Macadam. Jo urged residents to report incidents, no matter how apparently trivial. Police services may be able to piece together many small notifications to suspect an offender. She spoke of offences in our area for the past year. Of the fourteen offences, eight related to vehicles. She advised that it is illegal to park a car unlocked in a driveway. And please indicate when you leave a roundabout. The treasurer reported that finances were in good shape. The management team was re-elected except for the position of treasurer. That position is currently open with Graham Lacey acting in the role temporarily. We welcome Ann and Judy as Zone coordinators for Zones 1 and 5. Roger expressed appreciation for the assistance of the offices of Steve Dickson helping production of our newsletter, and for the help given by our many volunteers and business advertisers. We thanked the Spurways for an excellent afternoon tea.

### **Pool safety**

It's hot and many are in the pool. Since 2000 more than 300 children have drowned. The state government has developed a DVD called "Living with Water". This DVD has information on: • Introducing baby to water • Water safety at home • Pool fencing • Successful supervision • Information on on learning to swim • Most importantly: how to perform CPR • Fun water safety songs to entertain children.  
This video can be streamed from [kidsalive.com.au](http://kidsalive.com.au).

**Police report.** October 3 to December 3, 2016

**Gilbert St.** Items stolen from front yard. Tools stolen from a construction site.

**Price Lane.** Vehicle entered and money stolen.

**Riverview Avenue.** Residence broken into. Offenders have been charged.

**We wish all residents  
and our business supporters  
a very happy and safe  
Christmas**

**Lock it or lose it**

That's an old chestnut. But it is true. Summer offers the temptation to leave cars and houses open and unlocked. That is what opportunists offenders look for. Don't be a statistic. And try not to leave valuables on display at home. Remove valuables from vehicles.

This newsletter is printed with the support of the offices of Steve Dickson MP.
